

# LGBTQ+ HOUSING TRAINING

---

As the leading national charity supporting LGBTQ+ people in the UK with housing-related issues, we deliver specialist and bespoke training to organisations nationwide.

# ABOUT US ♡

02

Stonewall Housing is the leading national charity supporting lesbian, gay, bisexual, trans and queer (LGBTQ+) people of all ages who live in the UK and are experiencing homelessness or living in an unsafe environment.

Founded in 1983, we provide specialist housing advice, advocacy and support for LGBTQ+ people who are homeless or at risk of homelessness. We have specialisms in Mental Health, Domestic Abuse, Substance Misuse and Supported Accommodation. We support thousands of LGBTQ+ people in the UK every year – and we will not stop until all LGBTQ+ people have a safe space to call home.

**We also provide expert training to organisations nationwide.**

We provide training and workshops informed by the knowledge we have gathered from over 40 years of delivering services to LGBTQ+ people.

We empower teams of all sizes to confidently meet the needs of LGBTQ+ people accessing their services, or in their staff team – whatever their knowledge level.

Our training is informed by our expertise as a specialist, by-and-for service, with an intersectional lens. Our sessions are interactive and engaging, and we aim to create learning spaces that are challenging, yet welcoming.

**In last financial year, our training team worked with 38 organisations, providing training to over 1150 people.**

We will set up a complementary scoping and consultation call with you to understand your work with service users and customers, and to identify the learning needs of your team.

We can work with you to develop a learning package tailored to your needs.

# OUR COSTS

04

	Hour	90 mins	Half Day	Full Day	Consultancy
<b>REDUCED*</b>	£270	£350	£600	£1050	£375/ day
<b>STANDARD**</b>	£360	£470	£800	£1400	£500/ day
<b>PRIVATE SECTOR***</b>	£540	£705	£1200	£2100	£750/ day

\*Our reduced costs are for small charities and other not-for-profit organisations (with an income under £1 million) and organisations which are signed up to the LGBTQ+ Housing Pledge scheme.

\*\*Our standard costs are for larger charities and other not-for-profit organisations, and statutory services such as local authorities.

\*\*\* Our Private Sector costs are for all other private sector organisations.

Income from our training supports our work as a charity providing advice, advocacy and supported accommodation to LGBTQ+ people facing or experiencing homelessness, or living in an unsafe environment

We are always happy to discuss our training costs to find a package that works for your budget. Bulk bookings can be negotiated on a case-by-case basis.

## DO YOU DELIVER TRAINING ONLINE OR IN-PERSON?

Both! We deliver sessions in-person as well as online (via Teams or Zoom – your preference).

When delivering sessions in-person outside of the London area, we will charge trainer travel and subsistence in addition to the training costs.

## HOW DO YOU CREATE A SAFE LEARNING SPACE?

We know that there will be a range of identities, histories, and experiences in every training session we deliver, online or in-person. We're also aware that there might be a range of knowledge in every group.

Our content is designed to be challenging yet welcoming – we want to create a safe space for participants to bring openness and curiosity when exploring about LGBTQ+ experiences.

To ensure that the learning environment is respectful to all participants, we ask everybody to sign up to a group agreement to ensure all participants are able to get the most out of their time.

We are also mindful that our training will touch on subjects including discrimination, hate crime and harassment, and domestic abuse, as well as themes of family and community rejection. These topics may bring up personal experiences for participants – whether they are LGBTQ+ themselves, or not. We invite attendees to do what works for them to look after themselves throughout the session.

If you have any questions or concerns about our session content, you can contact our Training team.

We work to build in regular breaks, and if we're in-person for a half day or full-day session, expect fidget toys!

If your team has any particular access needs, we are more than happy to discuss what adjustments to training delivery would be most supportive – please get in touch with us.

## WHAT GROUP SIZES DO YOU WORK WITH?

Generally, we work with a minimum of 6 and a maximum of 15 people.

However, for our shorter awareness sessions, we can explore delivery to larger groups.

## CAN WE RECORD YOUR ONLINE SESSION?

As a general rule, we don't record our sessions to allow participants to engage more freely, bringing their curiosity and questions.

## ARE YOUR COURSES CPD CERTIFIED?

Some are. Where our courses are CPD certified, this has been stated. We provide certificates of attendance to count towards your team's CPD hours.

## HOW DO YOU EVALUATE YOUR SESSIONS?

We use an online form, shared with participants towards the end of the session, and afterwards. Depending on the number of responses, we will create a summary of the feedback for you and support you to identify any remaining learning needs.

# MEET THE TRAINER

06

**ALEX  
(SHE/HER)**

Alex is our Training Lead. She's passionate about creating learning spaces that are trauma-informed, where people feel safe to be curious about the experiences of others and reflect on their own practice. Before joining our team, Alex facilitated training and schools' workshops on gender-based violence. She also has experience supporting community participation and coproduction projects with young people. Alex has a Level 3 Award in Education and Training.

Sometimes, our training is delivered by another member of our expert team.

We also work with associate trainers, with a wealth of experience across frontline services and LGBTQ+ inclusion work.

## AWARENESS WORKSHOPS: (1 HOUR - 90 MINUTES)

### LGBTQ+ Experiences of Housing and Homelessness: An Overview

This one hour workshop gives a snapshot of what we've learnt from over 40 years supporting LGBTQ+ people who are facing or experiencing homelessness, or living in an unsafe environment. Our starting point is that we all deserve somewhere safe to live where we can be ourselves.

This workshop aims:

- To increase participants' knowledge about the impact of homophobia, biphobia and transphobia on LGBTQ+ communities, and highlight legal protections against discrimination
- To increase participants understanding of LGBTQ+ people's experiences of homelessness and housing, using research and case stories.
- To identify particular issues and barriers LGBTQ+ people face when seeking support around housing and homelessness.
- To introduce aspects of good practice: what can services do to provide inclusive and supportive services to LGBTQ+ people?

Does your team need a refresher on LGBTQ+ terminology? Extend this awareness session to 90 minutes and we will break down key terms around sexual orientation and gender identity, and explore the importance of LGBTQ+-inclusive language in a clear and accessible way.

### LGBTQ+ Experiences of Poverty and Welfare

Does your team support people experiencing poverty or accessing the welfare system? Do you want to know more about LGBTQ+ people's experiences of poverty and access to benefits?

This session, developed by Stonewall Housing and Peter Matthews, Professor in Social Policy and LGBTQ+ Studies at the University of Stirling, summarises research into LGBTQ+ people's access to the welfare system, and is particularly aimed at professionals supporting people who are accessing benefits or working in tenancy sustainment.

In this workshop, we aim:

- To introduce aspects of LGBTQ+ terminology and inclusive language
- To explore what quantitative and qualitative research tells us about LGBTQ+ people's experiences of poverty and access to benefits.
- To identify barriers to accessing welfare support experienced by LGBTQ+ people.
- To introduce what can be done to create more supportive and inclusive services for LGBTQ+ individuals.

## AWARENESS WORKSHOPS: (90 MINUTES)

### Toolbox Talk: LGBTQ+ Awareness for Maintenance Operatives (CPD Certified)

The University of Surrey research 'No Place Like Home?', commissioned by HouseProud, explored the experiences of LGBTQ+ social housing residents. 21% of LGBTQ+ people surveyed didn't feel comfortable with repairs operatives in their homes. Anecdotally, we have heard of people taking down pictures, flags and generally hiding who they are when operatives visit.

Everyone deserves to feel safe within their own homes, as well as in their communities. We designed this CPD-certified toolbox talk to:

- Give a snapshot of life for LGBTQ+ people in the UK – including challenges around housing and homelessness
- Promote best practice in supporting LGBTQ+ customers, by creating the opportunity for maintenance operatives to think about their approach to customers, and the approach of their organisation.

### Session Outline

- Introduction to Stonewall Housing and LGBTQ+ experiences of housing
- Setting the scene:
  - Quiz about LGBTQ+ history
  - What does the Equality Act mean for me?
  - What does my employer say about equalities, diversity and inclusion?
- An overview of LGBTQ+ vocabulary and inclusive language
- What can I do to better support LGBTQ+ customers?
  - What is the experience of LGBTQ+ customers?
  - Case scenarios - how could I respond?
  - An inclusive approach to our customers
- Q&A
- Support services

*Additional slides can be added to include specific topics identified by an organisation.*

## HALF DAY TRAINING: (3 HOURS)

### Spotlight Session: Older LGBTQ+ People's Experiences of Housing

Whether you work in sheltered housing, in residential care, or in another setting, this half day session gives an overview of LGBTQ+ awareness and experiences of housing with a spotlight on older people. We draw on our experience of providing specialist housing casework support to LGBTQ+ people over the age of 50+, as well as research about older LGBTQ+ people.

#### Learning Objectives:

- To refresh participants' knowledge about LGBTQ+ terminology, inclusive language, and legal history
- To explore themes affecting older LGBTQ+ people, such as discrimination, social isolation, health needs, and concerns around accessing care.
- To acknowledge and celebrate histories of activism and resilience in LGBTQ+ communities.
- To challenge assumptions about what support networks and families look like.
- To introduce aspects of good practice when providing inclusive and supportive services to older LGBTQ+ people, and signpost to further information and resources.
